

Dear Colleagues,

We would like to inform you about our winter 2014 courses (Grundtvig and Comenius funding available), new free Grundtvig workshops, and some webinars on individual training possibilities in the new Lifelong Learning Programme (Erasmus+).

#### **Winter 2014 courses**

Upcoming winter we will offer three courses, for which you be might able to get travel, lodging and course fee covered by either the Comenius or the Grundtvig programme. The deadline for applying for a grant is the 17<sup>th</sup> of September and the courses are:

**Strength based coaching**, 17-22 February 2014, Linz, Austria <http://bit.ly/HcgDeO>

**Systemic Leadership**, 3-8 February 2014, Copenhagen, Denmark <http://bit.ly/HDpSum>

**Inspiring facilitation, teaching & training**, 3-8 March 2014, Copenhagen, Denmark  
<http://bit.ly/H4JLKG>

Look for an overview of all our open courses at <http://bit.ly/pU8Uvn>

There are two funding options:

The **Comenius** programme for pre-school, primary and secondary education and support staff and the **Grundtvig** programme for those working in (formal and non formal) adult education. For example teachers, trainers, counsellors, consultants, inspectors, school psychologists, career guides, teacher trainers etc. both professional as well as non professional (volunteer), both educational staff as well as supporting staff (e.g. management), etc. If you are not sure if these grants match your work, check here <http://bit.ly/HIS0HC> or just contact us.

If you do not fulfil the criteria of neither these two programmes, you can still participate by covering the costs yourself.

#### **Free workshops**

In Dialogue is currently involved in 4 Grundtvig workshops. Workshops are for professionals and volunteers working with (young) adults, that want to raise their competences and skills around a certain topic. Other than the courses above, costs will be directly paid by the organisers, which also means that the application process goes via the organisers.

For 2 workshops the dates are set. These workshops are:

Oral Skills, Oracy and Literacy; Facilitating Adult Literacy with Storytelling, 20-25 January 2014, Netherlands

More information: <http://bit.ly/17DkBVW>

Getting beyond the shame; finding motivation for further education and learning, 17-22 March 2014, Netherlands

More information: <http://bit.ly/12i4cOf>

#### **Webinars**

The Lifelong Learning Programme is coming to an end and the new programme (Erasmus+) is slowly getting shaped. For individual training funding programmes (such as the courses above) there will be some changes too and In Dialogue is following these developments closely. Towards the end of this year all should be clear and we would like to share the information with you (regardless if you choose for a course with us or not).

To share this information we have set two dates for webinars:

Wednesday 20<sup>th</sup> of November, 15.00 CET

Friday 29<sup>th</sup> of November, 12.00 CET

If you want to join one of these webinars, send an email to [erasmusplus@in-dialogue.org](mailto:erasmusplus@in-dialogue.org), stating the date you prefer. You will get a confirmation one week before the start of the webinar of your choice.

Wishing you a great day.

With kind regards,

Yvor Broer
